Kent Kelly
Terry Capps

Ray Miller made a motion, following a lengthy discussion on the feasibility of hiring Charlie McDonald to represent The Aviation Council of Alabama, Inc. as a lobbyist for the passage of The Airspace Safety Act within the Alabama State Legislature, to offer \$20,000 for the 2009 calendar year and \$20,000 for the 2010 calendar with the option to discontinue his services before the 2nd payment is due. Phil Perry provided the 2nd and the motion passed unanimously.

It was discussed to have Al Jummerson draft a resolution to provide all airports within Alabama to pass at the local level. The council would ask that the resolutions be sent to each airport's representation in the State Legislature and a copy to our office.

With no further business the conference call was dismissed.
